

**Happy Mid-Winter
from
Neumayer-Station !**

Dear fellow wintering teams,
the nine Neumayers wish you all a pleasant and cheerful
Mid-Winter celebration!

Since we are invited to countless other Mid-Winter party's and we are of course going to attend each one of them, nobody will be at home on the 21st of June.

Nevertheless, you are kindly invited to come to our station for Mid-Winter. Just make yourself at home, the fridge is full of German beer, a suckling pig is roasting on the barbecue and it is warm and cozy inside.

Best wishes and a successful second half of the wintering,
the Neumayer crew
